

## **JUDGING RULES**

# Pitt Business Center for Supply Chain Management

Poster Session for Supply Chain Management Symposium

Fall 2018

### **Judging Rules**

1. The Symposium organizing committee will recruit judges from Industry and Academia.
2. Only eligible posters as determined by the organizing committee will be displayed and judged at the Symposium.
3. Judges will be asked to consider:
  - Relevance to SCM: Is this an important topic for Supply Chain Management professionals, students and faculty?
  - Demonstrated critical thinking and supporting analysis
  - Creatively and efficiently communicated
4. Posters will be grouped in either undergraduate pool, if all authors are undergraduates, or the graduate pool. Judges will vote and award a first, second and third place for each pool. The awards are for the poster and the authors are free to divide up the award amongst themselves. (In other words, a poster that wins a \$200 award gets a total of \$200 for all the authors, not \$200 for each author of the awarded poster.)

Awards for the winners are:

- Graduate Poster Pool: \$750, \$500, and \$250 for first, second and third place
  - Undergraduate Poster Pool: \$600, \$300 and \$200 for first, second and third place
5. The decisions of the Judges are final.
